Guitar & Celtic Art,

BOOKING

Information

The Summer School is set up to create an enjoyable musical experience for all; to share time with fellow young musicians and to learn much through a week of concentrated effort.

Tutors are all very experienced musicians set to make your week exciting.

WHAT TO BRING

Bring a packed lunch and break time snacks & drinks. Bring your instrument and any books you are currently working from, to give your tutor an idea of the stage you are at.

Bring plenty of enthusiasm.

The week will end with a "party" concert for family and friends; everyone will be encouraged to give their best performance.

Celtic Art students will create a Celtic backdrop and or personal art work.

Break times and Lunch times will be supervised.

Your child will not be allowed to leave the Academy grounds unless a signed note to the contrary is handed into tutors or admin staff.

INSTRUMENTS:

Students are expected to bring their own instruments with the exception of Drums, Whistles, Bodhran, Clarsachs and Small Pipes. (must be proficient in Highland Pipes to play Small Pipes)

If students have any of the above, then by all means do bring them along.

Places are limited so book early.

NOTE

The local press will be invited to attend and your child may be photographed for both press and end of project report.

If you do not wish or agree to photography please state so below, otherwise full permission will be assumed.

I do not wish my child to be photographed during the Summer School.

Parents sign here for no photography only

**PLEASE DO NOT BRING VALUABLES WITH YOU
NEITHER INVERCLYDE PIPING PROJECT NOR
